PLANTATION GARDENS . . . HERB HEADQUARTERS

Lynchburg, Va.

To reach our plantation, take U. S. Highway 29. We are about ten miles south of Lynchburg's center. Our roadsign is at the intersection of 29 and State Road 622. Customers from the North will take the second road, on the right, after the Airport Road; from the South, the third road, on the left, from the Virginia Inn. Proceed on 622 for one and a half miles to our entrance on left-hand side of road, (also marked). Come see us.

SEED SOWING GUIDE: Chalfin's Charts for your locality. 15c each.	

WHEN ORDERING kindly note the following: Seeds are Postpaid on All orders of 50c or over, (smaller ones, add 3c for handling). PLANT SHIPMENTS are NOT Postpaid; charges are listed in margins below offerings and include all expenses. Large plant orders receive the benefit of our sharing the handling involved. Small plant orders, even for one single plant, must include the full fee for each box shipped to a customer. SPECIAL HANDLING (for quick transit through any terminal points), 30c extra. SPECIAL DELIVERY, add 45c to regular fee.

Plant shipments are dispatched from September 10th until December 10th and from February 15th until June 1st. (Late May is usually not too satisfactory). Seed is shipped throughout the year, with fresh crop as the current supply becomes ripe. Remember late summer sowings of the perennials; also late fall for good spring germination.

No crop guarantees on seed or plants; these are responsibilities beyond our control. Errors or omissions are rectified on notification.

Cash, check or postal-note should be enclosed with all orders, please.

Our "Silent Salesman," this catalog, suggests early orders; stock will be somewhat short in the spring of 1953 due to difficult growing conditions during the previous summer. Quality comes first with us because we enjoy catering to satisfied customers. Repeat orders are the backbone of our business and they speak for themselves.
